2016 Patient Enrollment Application

Welcome to Good Days, a non-profit organization whose financial assistance programs provide thousands of individuals diagnosed with life-altering diseases the opportunity to get the medications they need to help improve their quality of life.

In order for us to begin the process of qualifying you for financial assistance, please complete the enclosed application and return it to Good Days, along with copies of your insurance card(s). Completed applications can be received via mail or fax.

Upon receipt of your completed application, Good Days will determine if you are eligible for financial assistance based on our Program Guidelines and subject to available funding. To verify household size and household income Good Days will perform a soft inquiry with a third party vendor in order to determine eligibility. This inquiry can only be viewed by you (the patient) on your credit history and will not affect your credit score. We will advise you and/or your medication provider of the final outcome.

If you qualify and if funding is available, we will provide you with financial assistance for the remainder of the calendar year. We will also provide you with a username and password so that you may freely access our therapy management portal found at https://patientsandpros.MyGoodDays.org

Please understand that all approvals are based on available funding and are approved on a first-come, first-served basis. **Receipt of application does not guarantee funding**

Please call us toll-free at (877) 968-7233 if you have any questions or need assistance filling out the following enrollment forms.

Sincerely,

Good Days

***Metastatic Cancer Diagnoses:**
For patients in a metastatic cancer fund: If your physician has prescribed a drug to treat your metastatic cancer that is not on Good Days' formulary, please contact us. We may be able to cover the prescribed drug if we receive additional documentation showing that the drug otherwise meets our criteria. For our metastatic cancer funds, Good Days will cover all drugs approved by the Food and Drug Administration (the "FDA") that treat the type of cancer that is the basis of the disease fund into which you have been accepted. For example, if you have metastatic breast cancer, Good Days will cover all drugs that are approved by the FDA to treat breast cancer, not just those drugs that the FDA has expressly approved for the metastatic stage of breast cancer.
